

Clendenen Family Vineyards

2016 Viognier, “Second Coming”

Cool climate Viognier is hard to find in California. Viognier has a wonderful honeysuckle note when grown in warmer climates, but in cooler climates the honeysuckle is still there, but so is structure, acidity and balance. Le Bon Climat is truly cool climate, located on the edge of the Santa Maria Valley. You can see the Pacific on a clear day 18 miles right down the Santa Maria River. The ocean influence moves right up the valley and keeps Le Bon Climat vineyard cool and sunny most of the growing season.

CLENDENEN FAMILY VINEYARDS

Created in 2000, the Clendenen Family brand is a project of passion. There is no doubt quality is here along with the ABC signature of balance, finesse, and longevity. Clendenen Family wines diversity offers something for everyone. The wines are true to their varietal characteristics, are beautifully balanced, and reflect the skill of the winemaking.

From The Winemaker

The Clendenen Family wines are meant to be delicious, well-constructed wines which will age well. We pick grapes when the balance of sugar/acid/flavor/tannin are ideal. The Viognier grapes were hand harvested and sorted in the vineyard. Le Bon Climat is only five miles from our winery, so these freshly picked grapes were being pressed in no time and put to barrel for fermentation. After four years age in François Frères french oak barrels (50% new), the wine has evolved past the fruit-only stage to a wine of balance and complexity. Quality fruit and hands-on care are evident in our 2016 ‘Second Coming’ Viognier.

Tasting Notes

This is a serious Viognier that is elegant, balanced, but powerful, with flavors of stone fruit, melon and honeysuckle mixed with vanillin, and captivating minerality. It is remarkable wine that rivals the best french counterparts.

Food Pairings

When enjoying food from SE Asia, with its herbs, spices and at times richness, this Viognier is the perfect paring.
